Re: TAAF – PETITION FOR CERTIFICATION AND ELIGIBILITY FOR A CROUP OF PRODUCERS (FORM FAS-930)

To Whom It May Concern:

On behalf of the Caribbean spiny lobster fishermen in the State of Florida, the Florida Keys Commercial Fishermen's Association (FKCFA), hereby petitions the U.S. Dept. of Agriculture to certify and declare eligible all producers in the spiny lobster fishery seeking technical assistance and cash benefits under the ARRA Act of 2009 for those impacted by import competition.

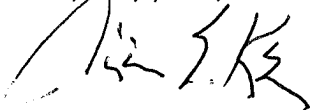

Please find enclosed completed USDA Form FAS-930 and additional documentation supporting our position.

Information gathered from <http://dataweb.usitc.gov> indicates imports of 0306.11.0010 (Caribbean spiny lobster, frozen) totaled 5,728.8 MT over the previous 3-year period and imports of 0306.11.0020 (Rock lobster and other sea crawfish, frozen, NESOI amounted to 3,834.0 MT over the previous 3-years.

According to financial information obtained at http://research.myfwc.com/features/view_article.asp?id+19224 the net result was a \$3.13/lb ex-vessel value on domestic spiny lobster for the 2009/10 harvest year as compared to a \$5.96/lb weighted value over the previous 3-year time frame representing a decline in price of 51.5%.

It is our understanding the first step is certification of the producers and the commodity, after which individual applications for the grant will be accepted over a 90 day period. If you require additional information, please contact me at your convenience.

Very truly yours,

William E. Kelly
Director
